

Math Books for Young Readers (K-6)

This bibliography features a selected list of books that feature a mathematical concept. Some of the titles are appropriate for use as an introductory text, while others are better suited to reinforce or review mathematical concepts. Some titles are best used when learners have prior experiences upon which the reader can attach the new learning. For example: Before reading Calvert's title learners would benefit from having heard and being quite familiar with several versions of the traditional Rumpelstiltskin folk story. Some of the books on this list are available on YouTube in recorded versions. Some are uploaded there by the publisher or authorized producers – however, many are uploaded without formal permission and thus are not entirely legal for use and sharing.

- Adler, David A. (2017) *Place Value*. Illustrated by Edward Miller. New York: Holiday House. (Place Value)
- Axelrod, Amy. (1997) *Pigs Will Be Pigs: Fun with Math and Money*. Illustrated by Sharon McGinley-Nally. New York: Aladdin. (Money)
- Baker, Keith. (2004) *Quack and Count*. Illustrated by Keith Baker. New York: HMH Books for Young Readers. (Counting)
- Burns, Marilyn. (1997, 2008) *Spaghetti and Meatballs For All!* Illustrated by Debbie Tilley. New York: Scholastic. (Equations for 32)
- Calvert, Pam. (2006) *Multiplying Menace: The Revenge of Rumpelstiltskin (A Math Adventure)*. Watertown, MA: Charlesbridge Publishing. (Multiplication)
- Crews, Donald. (1995) *Ten Black Dots*. Illustrated by Donald Crews. Illustrated by Donald Crews. New York: Greenwillow. (Counting 1-10)
- Demi. (1997) *One Grain of Rice: A Mathematical Folktale*. New York: Scholastic. (Multiplication)
- Einhorn, Edward. (2014) *Fractions in Disguise: A Math Adventures*. Math adventures series) Watertown, MA: Charlesbridge Publishing. (Fractions: Simplifying)
- Gehl, Laura. (2014) *One Big Pair of Underwear*. Illustrated by Tom Lichtenheld. New York: Simon & Schuster/Beach Lane Books. (Counting; by 1's; by 2's)

- Giganti, Paul, Jr. (1999) *Each Orange Had 8 Slices*. Illustrated by Donald Crews. New York: Greenwillow. (Counting)
- Hong, Lily Toy. (1993; 2017 pb) *Two of Everything: A Chinese Folktale*. Illustrated by Lily Toy Hong. Morton Grove, IL: Albert Whitman & Co. (multiplication)
- Hutchins, Pat (1986) *The Doorbell Rang*. Illustrated by Pat Hutchins. New York: Greenwillow Books. (Division)
- Kroll, Virginia. (2005) *Equal Shmequal*. Illustrated by Philomena O'Neill. Watertown, MA: Charlesbridge Publishing. (Equal: Math, art, the law, and team sports)
- Long, Lynette. (1996) *Domino Addition*. Illustrated by Lynette Long. Watertown, MA: Charlesbridge Publishing. (Addition)
- McKellar, Danica. (2017) *Goodnight, Numbers*. Illustrated Alicia Padron. New York: Crown Books. (Counting)
- Merriam, Eve. (1996) *12 Ways to Get to 11*. Illustrated by Eve Merriam. New York: Aladdin. (Counting)
- Murphy, Stuart J. (2005) *More or Less*. Illustrated by David T. Wenzel. (MathStart Series). New York: HarperCollins. (Estimation – more and less)
- Murphy, Stuart. (1996) *Give Me Half*. Illustrated by G. Brian Karas. New York: HarperCollins. (Division; fractions)
- Myller, Rolf (1962; 1990) *How Big Is a Foot*. Illustrated by Rolf Miller. New York: Scholastic. (Measurement)
- Neuschwander, Cindy. (1997) *Sir Cumference and the First Round Table*. Illustrated by Wayne Geehan. Watertown, MA: Charlesbridge Publishing. (Geometry)
- Pinczes, Elinor J. (1999) *One Hundred Hungry Ants*. Illustrated by Bonnie MacKain. New York: HMH Books for Young Readers. (Counting by 2's, 4's, and 10's)

- Schwartz, David M. (1994) *If You Made a Million*. Illustrated by Steven Kellogg. New York: HarperCollins.
- Scieszka, Jon. (1995) *Math Curse*. Illustrated by Lane Smith. New York: Viking. (General Math)
- Sparagna, Angeline. (2003) *A Place for Zero*. Illustrated by Phyllis Hornung. (Math adventures series) Watertown, MA: Charlesbridge Publishing. (Zero)
- Sturges, Philemon. (1997) *Ten Flashing Fireflies*. NorthSouth Books. (Counting 1-10; 10-1)
- Tang, Greg. (2004) *The Grapes of Math*. Illustrated by Harry Briggs. New York: Scholastic. (Math Riddles)
- Walsh, Ellen Stoll. (1995) *Mouse Count*. Illustrated by Ellen Stoll Walsh. New York: HMH Books for Young Readers. (Counting 1-10; 10-1)
